Section-by-Section Analysis

This legislative proposal, if enacted into law as part of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2020, would establish a new Armed Force, to be known as the “U.S. Space Force”, within the Department of the Air Force. No new U.S. Armed Force has been established since 1947 when both the U.S. Air Force and the Department of the Air Force were established. The world has changed significantly in the more than 70 years since that time.

Competitor nations, namely China and Russia, are challenging U.S. power, influence, and interests, threatening our freedom of action in every domain including space. Potential adversaries recognize our dependence on space to project military power and are fielding capabilities to erode our military advantage. To ensure unfettered access to and freedom to operate in space, and to prepare for a contested space domain, we must strategically adapt to the changing character of war.

The new U.S Space Force would be the sixth branch of the Armed Forces, and would be responsible for: (1) providing for freedom of operations in, from, and to the space domain for the United States; (2) providing independent military options for joint and national leadership; and (3) enabling the lethality and effectiveness of the joint force. It would include both combat and combat-support functions to enable prompt and sustained offensive and defensive space operations and joint operations in all domains.

The legislative proposal is intended to be included in the NDAA for FY 2020 as a new title identified as “Title XVII – Space Force.” Subtitle A (Sections 1701 – 1707) of the legislative proposal, title XVII, would consist of several new substantive provisions of law to be added to title 10, United States Code (U.S.C.), while subtitle B (Sections 1711 – 1721) would make various technical and conforming changes to various sections of existing law in title 10 and other relevant titles of the U.S.C. that are simply a necessary consequence of establishing a new Armed Force, as described below:

TITLE XVII—SPACE FORCE

Subtitle A—United States Space Force

Sec. 1701. ESTABLISHMENT OF THE UNITED STATES SPACE FORCE IN THE DEPARTMENT OF THE AIR FORCE.

This section would add a new chapter 909 to the existing subtitle D of title 10, United States Code (U.S.C.), which covers the Department of the Air Force, to establish the U.S. Space Force as an Armed Force within the Department of the Air Force. The new chapter 909 would consist of sections 9091 through 9095 of title 10, and would provide for a Chief of Staff of the Space Force, a Vice Chief of Staff of the Space Force, and a Space Staff made up of these officials as well as other offices established by the Secretary of the Air Force as necessary and appropriate.

The specific sections of title 10, U.S.C., which would be added as part of the new chapter 909, are further described as follows:
§9091. Establishment of the Space Force

This section would establish the U.S. Space Force and provide its functions within the Department of the Air Force. It would describe the composition of the U.S. Space Force as consisting of Regular and associated Reserve components, and all U.S. Space Force units and organizations.

§9092. The Space Staff: function, composition

This section would establish a Space Staff consisting of a Chief of Staff of the Space Force, a Vice Chief of Staff of the Space Force, and other such officials as may be established by law or otherwise assigned. It would describe the duties of the Space Staff, Chief of Staff, and Vice Chief of Staff and their relationship to the Secretary of the Air Force.

§9093. The Space Staff: general duties

This section would establish the duties and authorities of the Space Staff, including the organizing, training, and equipping of the Space Force as a part of the Department of the Air Force, and as a force provider to the combatant commands, as well as the preparation and execution of U.S. Space Force policies and plans.

§9094. Chief of Staff of the Space Force

This section would establish the position of the Chief of Staff of the Space Force in the grade of general to perform duties as prescribed, including to preside over the Space Staff. It would provide that the Chief of Staff of the Space Force would also perform the duties of a member of the Joint Chiefs of Staff.

§9095. Vice Chief of Staff of the Space Force

This section would establish the position of the Vice Chief of Staff of the Space Force in the grade of general with the authorities and duties with respect to the Space Force as the Chief of Staff of the Space Force may delegate or prescribe, with the approval of the Secretary of the Air Force. It would provide for the orderly succession of duties in the event the Chief of Staff or Vice Chief of Staff is absent or disabled or if their positions become vacant.

SEC. 1702. UNDER SECRETARY OF THE AIR FORCE FOR SPACE.

This section would amend the existing section 9015 of title 10, U.S.C., which provides for a single Under Secretary of the Air Force, by authorizing two Under Secretaries of the Air Force, one of whom would be a new Under Secretary of the Air Force for Space to be known as the Under Secretary for Space. This new Under Secretary would be a Presidentially appointed, Senate-confirmed official within the Secretariat of the Department of the Air Force. This official would be responsible for working with other Department of the Air Force officials, as well as other Department of Defense officials, for the overall supervision of space matters. This section also would amend section 9013 of title 10, U.S.C., to reflect there being
two Under Secretaries in the Secretariat of the Department of the Air Force, and would designate the Under Secretary of the Air Force as the first assistant to the Secretary of the Air Force.

SEC. 1703. INCLUSION OF THE SPACE FORCE ON THE JOINT CHIEFS OF STAFF AND JOINT STAFF.

This section would amend chapter 5 of title 10, U.S.C., by prescribing that the Chief of Staff of the Space Force would be a member of the Joint Chiefs of Staff, equivalent to the uniformed leaders of the other Armed Forces, as well as acknowledging that U.S. Space Force personnel may be part of the Joint Staff on the same basis as members of the other Armed Forces.

SEC. 1704. CIVILIAN PERSONNEL SUPPORTING THE SPACE FORCE.

This section would amend the existing chapter covering civilian personnel in the Department of the Air Force, chapter 947 of title 10, U.S.C., to provide greater flexibility for the Department on personnel matters such as recruiting, hiring, and pay for the civilian employees of the Department of the Air Force assigned to, or who support, the U.S. Space Force or U.S. Space Command, similar to those flexibilities and enhanced authorities that exist in other title 10 personnel systems such as the Defense Civilian Intelligence Personnel System.

SEC. 1705. DECORATIONS AND AWARDS.

This section would amend the existing chapter 937 of title 10, U.S.C., that covers decorations and awards available for all Department of the Air Force personnel, by adding a new section 9287 of title 10, U.S.C., authorizing the Secretary of the Air Force to approve new decorations and awards for U.S. Space Force personnel, as appropriate.

SEC. 1706. REPEAL OF PROVISION RELATED TO AIR FORCE SPACE COMMAND.

This section would repeal the requirement with regard to the tenure and authorities of the Commander of Air Force Space Command. This section would also add a new section 9531 to title 10, U.S.C., to maintain the role of the Department of the Air Force with respect to the procurement of commercial satellite communications services for the Department of Defense, by assigning this responsibility to the Secretary of the Air Force.

SEC. 1707. TRANSFER OF PERSONNEL, PROPERTY, AND RESOURCES AND OTHER TRANSITION MATTERS.

This section would provide several special temporary authorities for the Secretary of Defense to transfer personnel, property, other resources, and programs from any Department of Defense component to the Department of the Air Force and the new U.S. Space Force during a five-year transition period, with an additional two-year optional extension. This section would also suspend manpower limitations identified elsewhere in law, during the transition period.
Subtitle B—Conforming Amendments

SEC. 1711 – 1721. CONFORMING AMENDMENTS.

These sections make the necessary conforming amendments to specific provisions of existing law, in the relevant titles of the United States Code enacted as positive law, including titles 5, 10, 14, 18, 31, 37, 38, 41, and 51, such as updating the definition of an “Armed Force” to include the U.S. Space Force, and adding the phrase “Space Force” to any section of existing law that currently lists the “Army, Navy, Air Force, and Marine Corps.” Section 1721 is a general savings provision to allow the Secretary of Defense and the Secretary of the Air Force to exercise the same authorities they hold under other provisions of law with respect to the Air Force, to be exercised also with respect to the Space Force, or to allow members of the Space Force to be treated the same as other armed forces members under other provisions of law that were not specifically amended to reference Space Force members.
